

The excitement of restarting in January was tinged with sadness as Lockdown 3.0 came knocking (some say it's Lockdown 2.5 – I was never the best at maths). It's now been some time since we have been able to offer meaningful youth work, although we have kept in touch with our young people where we can.

We delivered Christmas cards and presents to those registered members and have had competitions on our Facebook page and website. We're restarting our virtual youth club too, so some sense of normality is returning but this, along with other factors, has meant a lot of time over Christmas and into January has been very busy.

But how can it be busy if we are closed? Well, we were very fortunate to receive some funding which has enabled our team to make some quite big changes to the building internally. We're not talking moving walls, but it does mean that when we can get back to doing centre based youth work, we will have improved facilities and resources again. There has been painting, building, and a heap of paperwork, but it's been worth it. We have been able to reopen our emergency surplus food supply too when needed, so we hope that has helped those in the village that have used it.

Thank you all for your support, big and small, during these testing times.  
- Roy Peach, Youth Leader
